

# KITESAFARI

ANOTHER SIDE OF EGYPT

# ANOTHER SIDE OF EGYPT

**Kitesafari** is an unforgettable experience ...

Imagine that you wake up on a boat moored in the sea near uninhabited islands, that you can kite all day long on flat water, that you eat fresh seafood for dinner, and in the evening, with the rest of the team, you sip drinks under the most starry sky. You forget about worries, stress from work disappears in the blink of an eye, but new experience on kitesafari stays for a long time, because there is no better place for integration than being on the boat away from civilisation.

# WHY KITESAFARI?

**Like in the Caribbean!** Turquoise water, dolphins and incredible kiting conditions, so wonderful and just few hours flight from your home.

**Kiting with constant wind** in perfect conditions! Flat lagoons and endless space will help you to make a huge progress, and thanks to **PROGRESS CAMP**, you will be able to learn how to master your tricks, learn new ones and feel much more independent.

**Total reset** - A week on a boat, away from civilisation, active time with a group of great people, surrounded by nature, laughing, watching stars, singing, dancing, talking or just chilling out for yourself...

**Integration and friendship** for a lifetime - On the boat, away from crowded city, televisions, computers and other distractions, new friendships are born :)\*

(\*experienced empirically)

# SPOTS

## PERFECT SPOTS AND KITE ADVENTURE

**The spots** we will visit there are top in a rank of kitesurfing paradise.

Flat, mirror-like water, empty and vast spaces, turquoise and warm sea :)

Upwind and downwind trips, kiting between islands with dolphins, manta rays and turtles and the best is constant and warm wind.

On the islands, the probability of wind is much higher than on land, through their location and thermal effect.

We plan to see some of those spots: Abo Nigar (Sandbar nearby Hurghada – perfect for warmup kiting and sunset session), Tawilla, Siyul Kebira, Secret Bay, Geyzum Jetti and Easter Corner, Ashrafi.

# ITINERARY\*

**SUNDAY** - Arrival in Egypt at Hurghada Airport and transfer to the Marina (around 30 min), If everyone will make it to the boat before 3 PM We will set out to sea on the same day and head for our first spot, if not, we'll set out as early as possible.

**MONDAY – FRIDAY** We will be discovering northernmost islands and spots of the Red Sea.

There's no tourist traffic there which means we will be alone with wonderful nature. There, the reefs did not lose their hue, curious dolphins come up to play and fish gleam with a thousand colours. At that time, we will be conducting kite classes and courses. If the conditions and later locations allow, we will organise a downwinder - a group kite trip going downwind.

**SATURDAY** There's a possibility of an early kite session before breakfast

09:00 breakfast. The boat goes into the Hurghada marina. We can go downwind following the boat:)

12:00 we enter the Hurghada marina, have lunch on the boat

13:00 we leave for El Gouna to kite in the kitesurfing station or wakeboard or just chill

18:00 – 23:00 evening at the station with presentation of photos from the trip

23:00 we leave for the Hurghada airport

**SUNDAY** - time to go home

**IMPORTANT NOTICE: Boat will depart from the port of Hurghada to the Sea maximum at 15:00 on Sundays so it is important to check in on the boat at least at 14:00 same day !**

# YACHT

## MOTOR YACHT DOLCE VITA

Dolce Vita is a 38-meter, luxurious motor yacht.

It has 4 decks, a dining room, living room, two big sundecks with sunbeds and matrices at the guests disposal. The living room is fitted with air conditioning, bar, TV, DVD, sound system.
