SURFING ELEMENTS

The biggest change will be for Windsurfing and Wing foiling rental.

Rental Guests ( Windsurf & Wingfoil) need to rent a car, pick up the booked equipment at the beginning of their holiday and return it at the end of their holiday at the ION CLUB SHOP in La Gaulette/ Coteau Raffin. The guests must be able to rig themselves their rented gear.

At la POINTE, we will give out a Lycra to each ION CLUB rental guest, so we will be able to spot them easier on the water.

At the ION CLUB La Pointe we will have a reception and members of our team will give out mast foot for windsurf rental, wings for Wing foil rental.

For safety reasons, guests must return the mastfoot or the wing before 17pm. There won't be any rescue boat available after closing time. Mauritian law stipulates watersports centers have to close one hour before sunset.

There is a safety boat at the spot (la Pointe) in order to be able to look after our guests.

We have wetsuits, shoes, harnesses, helmets and impact vests for our lesson guests.

To all our rental guests, we highly recommend they bring their private wetsuits, harness, and shoes.

For the next 2 years, we cannot offer Storage in Mauritius Le Morne.

Like before we run a shuttle service between the different hotels in Le Morne and our center at the kite lagoon and la POINTE, this service is exclusively offered to our ION CLUB guests.
