2019

SURFINSEMFIN.COM

Surfin Sentin

*"We dreamed of sailing the sea,
Kiting without coming back.*

*We dreamed of feeling the ocean's
water under our feet for hours.*

*We dreamed of surfing big and small
waves nonstop.*

*We dreamed of entering another
orbit without a defined horizon.*

Discovering, experiencing, traveling.

Kilometer after kilometer.

*We dreamed of starting and ending
a journey, where one leaves and one
does not know how he will arrive."*

Red Bull

We are ready to take you on the adventure of your life.

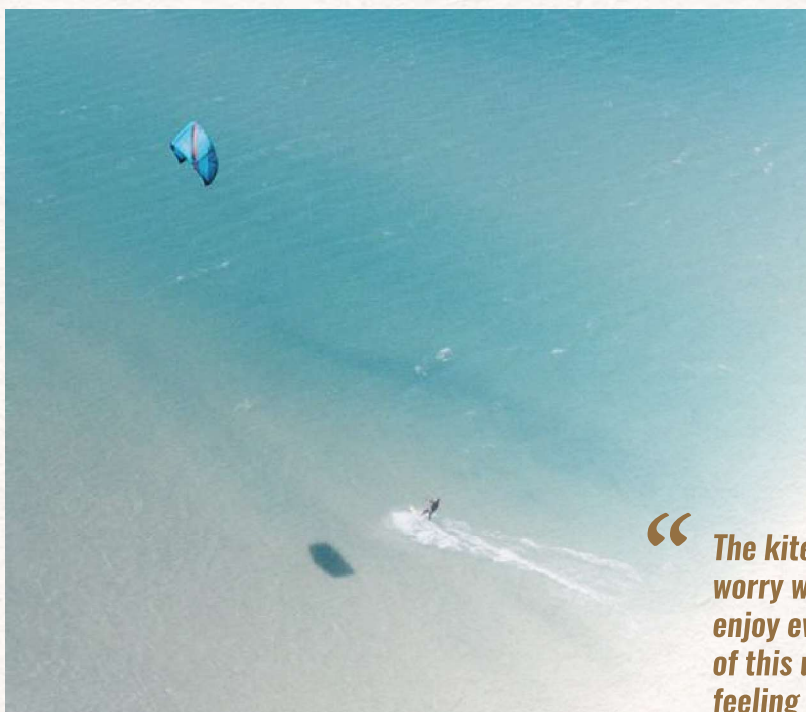

Surfin Sem Fim was born from a passion for kitesurfing as a way to explore the world and discover unique experiences.

We offer the complete package for a unique and unforgettable journey in the Northeast of Brazil, allowing you to focus 100% on kitesurfing and exploring this incredible place.

The Surfin Sem Fim Tribe is inspired by nature, challenge, and passion for the wind and water. Join us!

THE EXPERIENCE

“The kiter’s only worry will be to enjoy every second of this unique feeling of freedom.”

This part of the Brazilian coastline, from Ceará to Maranhão, is quite rare. There are constant winds everyday which ensure high quality kiting experiences during the entirety of the season (June to January).

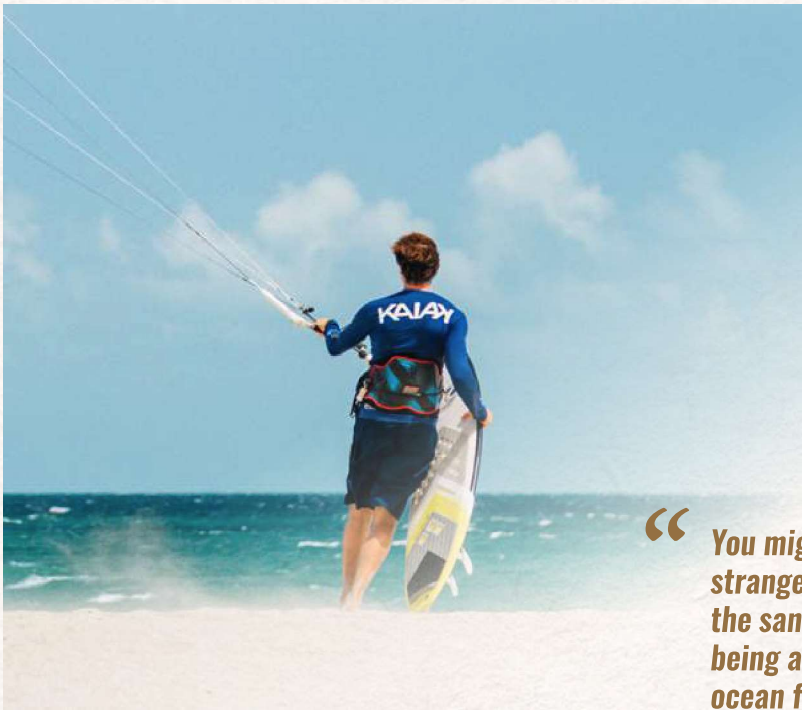

There is no other place in the world where it is possible to follow the coastline for hundreds of kilometers, having constant wind and warm waters throughout the entire path.

Imagine traveling, discovering new places, experiencing raw nature, and kiting along 100, 200, 300

km at a time. You do all of this using only the energy of the wind, with the support, comfort and safety of a GPS and guides helping along the way.

While cruising along wonderful, untouched beaches, rivers and dunes, and experiencing some secret and unusual landscapes- there are some obstacles along the way: Fishermen boats and traps, strong currents, and even some rocks. E-group offers a complete experience, which includes a 4x4 support vehicle, equipped with first aid gear and professional drivers along the entire route.

HOW IT WORKS?

“ You might feel a bit strange walking on the sand again, after being a part of the ocean for so long.”

The day before the journey begins we do a test to evaluate whether the kiter is ready for the downwind and to analyze the conditions and the equipment.

We leave the hotel early each morning, heading north— for secret, wild, and remote locations.

All the details are pre-defined and we offer the guidance from professional athletes in the water, giving valuable tips to kilters daily.

There is a briefing given every morning by the team captain, where you are given a clear vision

of the expedition: objectives, the beauty, and the dangers. The support vehicles follow the group whenever possible (where access is not possible, there will be guides in the water to help).

Some strategic Stopping Points have been organized, where the car will stop and wait with you to hydrate yourself with healthy foods and beverages, as well as refresh your mind for the kiting ahead.

LEVELS DESCRIPTION

PHOTO: ANA LICE DINIZ

BEGINNER

Appropriate for riders who:

- Can body drag back to board.
- Self-rescue.
- Stay upwind reliably.

EASY

Appropriate for riders who:

- Have at least some experience in small (<1m) waves.
- Have done at least one downwind.
- Are confident of their ability to kite for at least 2 hours per day.

INTERMEDIATE

Appropriate for riders who:

- Have more experience in 1-2m waves and are progressing with wave riding.
- Have done multiple downwinds.

- Are confident of their ability to kite for at least 3 hours per day.
- Can ride toe-side for short distances.

DIFFICULT

Appropriate for riders who:

- Are confident riding 1-2m waves.
- Have done multiple downwinds.
- Are confident of their ability to kite for at least 4 hours per day.
- Can ride toe-side for long distances.

GOLDEN

Appropriate for riders who:

- Are confident riding 1-2m waves in any direction.
- Have done multiple downwinds, including at least one SSF blue/red/black route.
- Are confident of their ability to kite for more than 4 hours per day.
