MANIFEST

Santa Cruz... Raw, wild, unspoiled, immense, impetuous, and overwhelming.

The breeze, salty and vigorous.

The foamy waves, wistful and gripping.

The beaches, wide, unique, clean, and intact.

Amongst cliffs, sand dunes and bare rocks, sprouts a small place called Santa Cruz which, despite guaranteeing all the services necessary for well-being, does not follow the patterns nor agitations of other coastal tourist villages on the Portuguese West Coast. To say the least, Santa Cruz is a unique place, where you simply feel like LIVING... In front of the blue SEA.

Paradise,

Dream,

... A restart,

A reencounter.

The 8 rooms and 13 bungalows exist in total respect and consonance with Mother Nature. They do not have air conditioning, as we stand for clean air and sea breeze! Creativity, comfort, hospitality, and sustainability will grant you a tranquil, cosy, safe and laid-back stay.

A PURE place that celebrates the Waves, that celebrates the SEA!

For those who seek balance, harmony, and authenticity.

To resume, regenerate, redo, and repair.

To meditate, reflect, care, and contemplate.

Here, the SEA will be your only company.

TEASER

With its feet on the sand and its eyes on the blue sea, Noah Surf House was born from the desire to build a home to welcome people from around the world, to share unforgettable moments with family and friends, with time for conversation and endless laughter. A place of PEACE, SUN and JOY! A PURE Place that Celebrates the Waves, that Celebrates the Sea!

BASIC INFORMATION

Full Name: Noah Surf House Portugal

History:

Noah is a hospitality project on the seafront, at Praia da Física, Santa Cruz. Back in 2015, Noah Beach House (Surf School included) opened its doors. Expanding the dream of CELEBRATING THE SEA, through the creation of a unique place to accommodate people coming from all over the globe within a surfing, familiar and original ambience, Noah Surf House, was born, in 2018... A HOME where smiles and joy mix with surf, sports, and leisure activities... A Home, comfortable and cosy, dedicated to family and friends of all ages... A place where you simply aspire to LIVE and SHARE... Facing the Bluest Sea.

Special Features:

Noah Surf House lives in full consonance with Nature. It was born and built facing the blue sea, offering 8 rooms and 13 bungalows. These have been subjected to an original decoration providing to guests the most welcoming and comfortable experience.

Mar and Mar & Cook Bungalows as well as MAR Rooms have in common a fireplace and a stunning view overlooking the sea. The remainder TERRA Rooms, and BUNK BEDS have a terrace/private garden.

All types of rooms are fitted with a private bathroom.

Noah Surf House further boasts a Restaurant with flavours from all over the world, a snacks and bar service, a rooftop with an outdoor jacuzzi and sunset deck, an ocean store, a meeting/leisure room, an outdoor swimming pool, an organic vegetable garden, a sport centre, a gym, a skate park and a fully equipped kitchen to share with other guests!

Down at the beach, right across the road, lays Noah Beach House, that epitomizes an amazing gastronomy with delicious snacks and good food, where fresh fish steals the show. On the sand, the beach huts await impatiently. Here creativity, comfort and warmth are key words, all under the banner of sustainability within a familiar environment. The perfect place for a family and friends' getaway.

A Place of JOY, SUN, SEA, FRIENDS, FAMILY, SHARE, SMILES, DELICIOUS FOOD, NATURE, FEELING, CREATIVITY,
EXPERIENCES!

Construction, Decoration and Energy Efficiency:

Noah Surf House was designed by the Portuguese architects Alexandra Paiva and Vasco Vieira, inspired by the original building features of the former beach colony once perched here.

Construction works were developed in harmony with the surroundings, based on fundamental materials like concrete – the main structural element –, glass, cork, and wood. These materials as well as its breath-taking simple yet sophisticated decoration personalize the Surf House, bringing the sense of innovation and uniqueness. Noah is an ecological space, which follows the principles of sustainable tourism, whose incidence is based on energy efficiency, renewable energies, and upcycling of natural resources.

At Noah Surf House we do not use air conditioning. Our attitude towards sustainability makes us appreciate pure and fresh air, hence, we give preference to different climatization systems. To heat up rooms and main building we use aerothermal energy (heat pumps which exploit the thermic air energy) through radiant floors; in our bungalows we use the heat accumulated by refractory stones and fireplaces; solar panels' energy is channelled to the domestic hot waters. Mar rooms and Bungalows also have fireplaces. To cool down we have fans available in every room and large windows which let the Atlantic breeze get inside.

LOCATION

WEST COAST

The Portuguese West Region is synonymous of rare NATURAL BEAUTY beaches... In Santa Cruz there are eleven, with an extensive area and imposing cliffs. Formed by clay sediments and covered by a green blanket of vegetation, the cliffs give you a sense of protection and at the same time of PEACE... Sought by many surfers, the Portuguese West Coast offers exclusive conditions for this practice. That is also why it was chosen to be one of the World Surf League competition's stage. There are many options along the existing 20 kilometres of coastline, where it is possible to spend a RELAXING day at the beach or a PICNIC while tasting local produces.

FROM LAND TO THE SEA

Along the coast there are innumerable viewpoints that give you a sense of power but also of smallness due to the grandiosity of NATURE. Visit Alto da Vela's viewpoint, Miradouro de Santa Helena, Miradouro da Formosa and, on the way, make a quick stop at Chapel of St. Helena, with the frontage facing the sea. Inside Capelinha you will find the image of St. Helena, which was found by a fisherman on Amoeira Beach in the 16th century. St. Helena is the patron saint of Santa Cruz.

GUINCHO'S ROCK

It is one of the most iconic sights in Santa Cruz. Guincho's Rock is formed by an imposing rock structure with 30 meters of height and 100m diameter, with a slot crossed by the sea on its base. When the tide is at its lowest it is possible to cross from one side to the other, keeping the feet dry. During Summer season it is one of the most crowded areas, rather dare to visit during the winter, and enjoy the mystical light at the end of the day, as the sun goes down.

SANTA CRUZ WATER MILL

Santa Cruz Water Mill is very close to Guincho's Rock, right in the centre of Santa Cruz. It has a Tourist Office, exhibitions and a reading room with newspapers and magazines.

POETS TOUR (SIDEWALK)

Beauty, TRANQUILITY and magic. Santa Cruz has always been a source of inspiration for notable poets and writers who lived here. One of them was Antero de Quental who in 1870 sought inspiration in the refuge of Santa Cruz. In honour of the poet and philosopher, a statue was built in 2009, next to Santa Cruz Chapel. The Japanese poet Kazuo Dan also chose Santa Cruz to live between 1971 and 1972. The street where he lived has his name, and a monument was built in his honour where we can read one of his poems, "Poente", written in Santa Cruz. The poet João de Barros also has a monument. Poet, pedagogue, and publicist, he was a sea lover and spent several summers in Santa Cruz. In this statue it is possible to read a dedication from Ferreira de Castro – also a writer –, to João de Barros, where he exposes his passion for the Atlantic Ocean and his strong connection to Brazil.

PLACES TO VISIT

Nazaré – A fishing and sea village, where Garrett McNamara surfed the famous Big Wave which brought the city international visibility.

Peniche – Fishing town and a great surf reference, with conditions for every surfing level. Ideal spot for a fishing afternoon, a surfing experience, or a seafood / grilled fish meal.

Berlengas – Archipelago of singular beauty. A wild paradise with 3 little islands. Great for snorkelling experience. Accessible only by boat, through Peniche port.

Óbidos – Medieval Village of great historical interest, known for its Castle, well preserved walls, and the typical Ginjinha, a sour cherry liquor served in a chocolate cup.

Ericeira – World Surfing Reserve and fishermen village. Funky, fresh, and fun. The name comes from all the sea urchins that were found – and still can be found – near the area.

Sintra – A fairy-tale village of Castles and Palaces with a stunning natural scenery as background.

Cascais – An eclectic fusion of modernity and tradition. One of the most charming and delightful cities on the Portuguese coast. Plenty of good restaurants.

Lisboa – Visit the downtown area known as Baixa Pombalina, the typical neighbourhoods of Alfama, Graça and Mouraria... Let yourself go with the sound of Fado and taste the delicious Pastéis de Belém! Do not leave Lisboa without visiting Jerónimos's Monastery, St. Jorge's Castle and the Cathedral.
